

## Out in the Community

Hunt Electric, Inc. believes in Corporate Citizenship and in giving back to the communities in which we conduct our business. Throughout the year we participate in and support many charitable causes. By joining together with our employees we can make a big difference in the lives of others who are in need. It's important. It's rewarding. It's FUN!!!

Most recently, Hunt Electric joined a few other local companies who volunteered time and materials to repair the lighting at the Taylorsville Baseball Field that had been vandalized over the winter. As a result, the 13-year old Babe Ruth League will be able to host the state tournament under the lights later this month.

We also sponsored several Hunt employees and their families in the annual MS Bike Ride fundraiser in Logan, Utah. This event covers over 150 miles through Northern Utah over two days. Besides the great exercise, we raised a lot of money and it was a lot of fun!!

Hunt Electric recently sponsored 10 employees to participate in the 5<sup>th</sup> Annual Minuteman 5K Run/Walk sponsored in part by Ralph L. Wadsworth Construction. 100 percent of the proceeds will benefit the Utah National Guard Charitable Trust, a nonprofit entity that assists Utah military families with financial needs that arise during deployment. <http://www.deseretnews.com/article/705321409/Minuteman-5K-to-aid-Guard-trust.html?linkTrack=rss-30>

“Besides having a good time with coworkers, this event gave us an opportunity to contribute to a great cause” said Tyler Staveley, who finished third in the Age 31-34 category.

Hunt Electric was on of the sponsors for the Walk for a Cause 2<sup>nd</sup> Annual 5K Run/Walk. This event benefits the Rocky Mountain Care Foundation. Proceeds are dedicated to promote social welfare by supporting the essential healthcare needs of the under-served and infirm population. For more information go to <http://www.rockymountaincarefoundation.org/>. Hunt Electric sponsored 10 employees to participate in the 5K Run/Walk. Our goal is to support and grow this event in the years to come.

We encourage the Hunt Electric Team to sign up and participate in these worthy causes. Sometimes just doing a little matters A LOT!
